“Lois was one of the most wonderful, loving, amazing persons I have ever known! In her health she -- along with husband O.B. - was a mainstay and tireless worker in our church, especially after they retired from life "on the road" which they both enjoyed. She served on the Board as Treasurer for many years after O.B. passed away. After her physical health began to fail, she still maintained her positive attitude and humor, welcoming visitors into her home with a hug and great big smile. She loved and talked about her children and grandchildren with pride and I know they were constantly in her prayers! Most of all, she loved the Lord! She, too, is loved and missed but our comfort is in knowing she is with Him and O.B. and will be waiting for us with a hug and that great big smile!
